A) Escrow funds are required by the applicant to cover Professional Fees, including but not limited to Engineering and Legal. Escrow funds shall be placed in an escrow account. A monthly statement will be given to the applicant detailing how the funds have been charged. The applicant will have 30 days to dispute any charges. At the completion of the project/application process, any remaining balance will be refunded to the applicant. The Town of Ellendale may, at its own discretion, increase the initial required escrow funds upon review of the application and determining that the particular application is likely to substantially exceed the standard initial escrow amount. If the escrow funds are depleted below \$250.00 and the project is ongoing, the Town shall require in writing, additional escrow funds of an amount reasonably calculated as needed to complete the application's process, and the Applicant shall remit the required escrow funds within 15 days of receipt of the Town's writing. If the required funds are not remitted within said time, any further review, work, meetings, or approvals will be delayed until the Town has received the funds requested.

B) Additional fees for professional, legal, and clerical fees reasonably incurred by the Town of Ellendale.

C) The Town of Ellendale may, by majority vote of the Town Council, elect to reduce or eliminate any one, or more, of the Impact Fees for any new development, dependent upon a formal written proposal and consideration from the developer. Examples include, but are not limited to, a) reduction of the Police Department fee in exchange for a lot deeded to the town for a new police station, b) reduction of the Parks, Recreation, and Open Space fee in exchange for park land and/or open space being deeded to the town, and c) reduction of the Municipal Facilities fee in exchange for 3% or more of the required off-street parking spaces being electric vehicle charging stations to meet anticipated future demand. The agreement between Council and the Developer for a reduction in Impact Fees will be voided if no Annexation Agreement is submitted within 180 days. The agreement for a reduction in Impact Fees will be written into the Annexation Agreement with a sunset clause, such that if the developer fails to remit the agreed upon consideration before 50% of the development is completed, a Stop Work Order shall be issued and all building permits and certificates of occupancy shall be halted until the consideration is remitted or until a sum equal to the difference of the full Impact Fee and the agreed upon reduction is paid in full.
